

Old literature or New literature?

Jehovah's Witnesses...

Do you have faith in your organization?

If you took ALL of the Watchtower literature and placed it into two separate buildings...

One with everything from 1900 thru 1950

And another with everything from 1950 - 2022

Then took two different people, put one in each building to learn...

1. Would both come out believing the same thing?
2. Would they both be "in the truth"?
3. Would it be apostate to research each other's?
4. Would both of you know who the "slave" is?
5. Would one still worship Jesus?
6. Which one would Jesus choose?
7. Would you both have the same Bible?
8. Would one be confused about still being alive?

Why do Jehovah's Witnesses run from their past?

I do agree that it's apostate literature though.
